The Sound Chart - Example Sentences

EXAMPLE				
Sound	**Examp leWord**	**My Example Word**	**Sentence to Highlight the Sound**	
æ	h**a**nd		A2	wash your hands
			B2	don't bite the hand (that feeds you)

1. Word
Identify a word that models each sound. I have given you an example word that models the sound when I say the word. I have an Estuary English accent. If you pronounce that word in a different way you write another word to model the sound in the 'My Example Word' column.

2. Sentence
Write a sample 2- to 5-word expression or sentence for A2 learners and another for B2 learners that includes the word that models the sound. The words used in the A2 sentence should all be common, frequent words for a student in an A2 class. You could use a broader range of language for the B2 sample sentence. See the examples above.
